

UREA FERTILIZER PRODUCT RANGE

Overview:

Diga A/S Fertilisers supplies high-quality urea fertilizers produced to meet stringent EU and international agricultural standards. Our product range supports both broad-acre farming and specialty applications across global markets.

1. Agricultural Grade Urea – Prilled (46% N)

Specifications:

- Nitrogen (N); Min, 46.0%
- Biuret: Max, 1.0%
- Moisture: Max. 0.5%
- Granulation: 90% between 1-2 mm
- Appearance: White crystalline
- HS Code: 310210
- Packaging: Bulk or 50 kg PP bags

Applications:

- General soil fertilization
- Foliar application
- Blending with other fertilizers

2. Agricultural Grade Urea – Granular (46% N)

Specifications:

- Nitrogen (N); Min, 46.0%
- Biuret: Max, 1.0%
- Moisture: Max. 0.5%
- Granulation: 90% between 2-4 mm
- Appearance: White hard granules
- HS Code; 310210
- Packaging: Bulk or 50 kg PP bags

Applications:

- Precision field application
- Mechanized spreading
- NPK bulk blending

3. Industrial Grade Urea

Specifications:

- Nitrogen (N): Min, 46.5%
- Bluret: Max 0.3%
- Moisture: Max. 0.5%
- Granulation: 90% between 1-2 mm
- Appearance: White crystalline prills
- HS Code: 310210

Applications:

- Resin and adhesive production
- Melamine manufacturing
- Diesel Exhaust Fluid (DEF)  (on request)

4. Stabilized Urea – With Inhibitors

Specifications:

- Ultraoen (N): 46.0
- Urease Inhibitor: NBPT or equivalent
- Appearance: White or off-white granules
- Packaging: Custom formats available

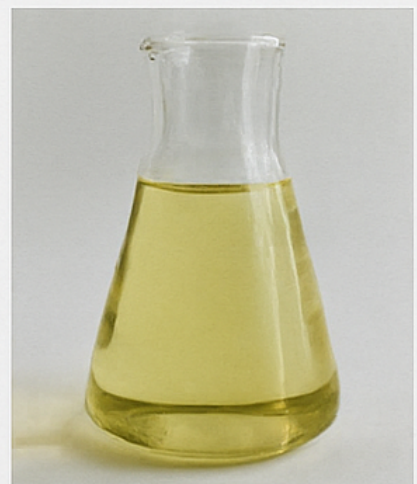

Applications:

- Enhanced nitrogen efficiency
- Reduced volatilization in warm or or alkaline soils
- Long-term nutrient release

5. Urea-Ammonium Nitrate (UAN) – Liquid Fertilizer

Specifications:

- Nitrogen (N): 28-32%
- Composition: Urea + Ammonium Nitrate + Water
- Appearance: Clear to slightly yellow liquid
- Packaging: IBC tanks, flexitanks, or

Why Choose Diga A/S Fertilisers?

- EU-compliant sourcing and manufacturing
- Strict product quality control
- Flexible packaging & private label options
- Global shipping & reliable logistics
- Technical support and documentation available
